

CONFIDENTIAL

29 MAY 1974

MEMORANDUM FOR: Deputy Director for Management and Services
THROUGH : Chief, Plans Staff, DD/M&S
SUBJECT : Funds Reprogramming

1. Approval is requested to reprogram \$25,000 of OMS funds allocation from Object Class 2500, Other Services, to Object Class 3100, Equipment.

2. This reprogramming will permit us to purchase new equipment for the Central Headquarters Diagnostic Facility (CHDF). It is planned that this equipment will allow for the transmission of Electrocardiographic and Spirometric signal data from overseas installations to our Headquarters facility. This aspect is an integral part of the continued development of the CHDF and was, in fact, discussed by D/MS with DD/M&S at the last Management Conference of 9 April 1974. The CHDF was established as an Office Objective in FY 1974 and will continue in FY 1975. Approval of this request should permit the implementation of a module in the achievement of the original concept.

3. As required, Standard Form 1650, Request for Allotment and/or Requisitioning Authority is attached.
